Gaming

I like gaming. It makes me happy.
It calms me down when I am stressed.
And most of all it is the best.
It makes me feel competitive when I'm in a game.
It makes me feel I'm on the wall of fame.
It makes me feel excited.
It makes me feel invited to play.
And most of all what I like best is I cannot rest.

Feeling Good

I see bloom on a tree,
Happiness fills me,
I'm feeling good.

Eating ice cream with a flake,
At the Zoo I spot a Snake,
I'm feeling good.

Splashing in Puddles,
blowing shiny bubbles,
I'M feeling good

A cool breeze blowing,
Snow ball throwing,
I'M feeling good.

While the seasons are changing,
I always feel good

Imagine

- When I look Up to the warm blue sky, I imagine what it would be like to live there.
- Bouncing on clouds surrounded by light
- Making friends with the angels
- And seeing the sights
- Looking down at the world
- I would sit on a cloud all night watching the sunset on a bright summer's night
- With the stars in sight
- As I wake up in the morning
- I see a kite being flown from down below
- On the beautiful planet earth.

Feeling good poem

The things that make me feel good
change everyday. To things I see and
to things I play. Whatever makes you
feel good, doesn't have to stay. It can
flow down a river and always go away.
To me the things that make me feel good
are family, friends and love. But to you
it could be animals, food and things that
fly above. But always keep in mind
love the things that make you feel
good and always be kind.

Imagine all the flowers would grow
Even in winter where there is snow.
Imagine the animals could be let free
Into the forest where there's trees.
Imagine that all food was nice
It would be yummy like chocolate and rice.
Imagine if the world could never end
After covid you could see your friends.
Imagine if that all the people were the same
The world would feel really lame.
Imagine there would be no cars
You would have to fly to space to Mars.
Imagine that there would be no waves
You could not surf any days.

Feeling good

The things that make me feel good
Are blossom growing and delicious food.
The flowers outside smell really good.
These are the things that make me feel good.
Dancing and laughing the sound of joy
Also I like lots of cuddly toys.
These things make me feel happy.
But I don't like the feeling of being snappy.
These are the things that make me feel good.
My dream is to cook delicious food.

I'm still little so I'm always told what to do.
What is what and who is who.
But my imagination is where I am in charge.
I can be loud, bright, strong and large
No one can tell me I've done something wrong.
All day there is colour, fun and song.
But sometimes at night thoughts stop being my friend.
My dreams frighten me and I can't make them end.

I shout for my mummy and she runs to get me.
I tell her about all the things I can see.
She reminds me what's real and that I'm safe in my bed.
I guess I am still learning to be boss of my head.

But sometimes at night thoughts stop being my friend
My dreams frighten me and I can't make them end
It's the I'm glad I'm not alone to feel
That the monsters and trolls I imagine are real
I shout for my mummy and she runs to get me
I tell her about all the things I can see
She reminds me what's real and that I'm safe in my bed
I guess I'm still learning to be boss of my head.

Dreaming

Days of happiness.

Random dreams.

Exitedly dancing to the sound of the beat.

Acting out the scenes with each point of the toes.

Moving magnificently across the floor.

I really want to be a good dancer.

Never giving up.

Goals and dreams.

Imagine

- Imagine a world with strange, live nature.
- Imagine a world with wild waterfalls tumbling down rocks, determined to get to the bottom, like a lion intent on its prey.
- Imagine a world where everywhere you look is illuminated with glowing magic.
- Imagine a world with animals that lurk in the shadows at night, watching and enjoying the views of this place from safe points.
- Imagine a world with nature that is not just strange and live it is menacing and cruel.
- Imagine a world with plants that open their jaws when an animal comes forward and snaps it up in one gulp.
- Imagine a world with plants and animals in the future living in harmony.
- Imagine a world full of forgiving and understanding.
- Imagine a world where you decide the ending.

I Love Dancing

When the music turns along,
I click on my feet and dance along
I love to dance all day and night
I even can dance without the light
Dancing is my favourite thing to do
I even can dance without my shoes
Someday like a day or two
I use some of my ballet shoes
Sometimes at scary dark midnight
I dance with the light shine so so bright
Dancing is the best best thing
But we will wait for the school bell saying 'didid DING'
I've never danced at 3.00am,
but I probably danced at 12.00pm
When you're feeling down and sad
We can dance together without being mad
