

Shiv Rana, reception John Blandy

Inspiration: a sunny Easter display. Shiv felt the colour yellow was special as it represents the sun.....light and warmth.
The start of a new chapter

It's been a highly unusual and difficult year for us all. Hopefully this Easter will be the start of a new happier joyful time for us all.

Jacob, year 2 FIS

Rolled paper flowers – Easter Bunny gets stuck!

Dylan, reception John
Blandy

Dylan wanted to create an
Easter weekend treat to
share with his family with
a nest to put his fimo
chick model in that he
made with his dad during
lockdown.

• Layla, Year 2 FIS

Happy Easter!

Layla has created a decorated salt dough Easter basket and Pom Pom chick in After School Club.

The teacher demonstrated how to make a Pom Pom using discs of card and wool and Layla made two, a large one for the chick's body and smaller one for the head. Taking a large craft needle, Layla sewed the two pom poms together. She cut a diamond out of yellow felt, folded it in half and stuck it to the chick at the bend before sticking on some eyes.

Using salt dough, Layla weaved 6 strips of dough for the chick's basket and placed them inside a greased foil covered bowl mould. She took the remainder of the dough and made it into two long strips twisted together for the handle and rim. Some flattened dough was used to cut out some flowers to stick on the handle with some water. Once baked, Layla painted the flowers in bright spring colours and the teacher varnished it for her to seal and protect it.

Well done Layla!

Lorenzo, reception John

Easter decorations using
olive tree and other
branches from the garden

Noah and Scarlett, Year 1 & reception, FIS; made these cinnamon pretzel Easter bunnies which are refined sugar free and make a yummy after school treat! Happy Easter!

Weronika, year 1 FIS

We used plastic eggs which we painted it then used decal, for other she glued jute string all the way around. Weronika picked some leaves and added her favourite bunny.
