

I manage to go up a little  
because I saw a  
opportunity to explore

My name is Kyran, I am 6 years old, and I am in year 2. I attend Watchfield primary school. I have always loved the outdoors and Autumn is one of my favourite times, because I love the beautiful trees and leaves 🍁 mainly because I love the excitement of running through it. I love the idea that the autumn brings me so much joy. Me and my brothers, mom and dad enjoy the hills, the swamps, the trees and the grassy areas, mud and messy play is a favourite of all.

I was just trying to imagine that this den was a house, with doors. I manage to go up a little because I want to explore

- The leaves changing colours and falling down. Picking up and playing with the leaves.
- This is Autumn to me.

- Charis says, "There are so many golden flowers and berries in autumn and my teddy is golden too. This makes me happy".
