

Autumn Rainbow

I like this leaf because it has all
the colours of the seasons in one.

- I like this Autumn picture because the tree has different coloured leaves on and it reminds me that Bonfire night is close.

A photograph of a forest floor covered in moss, fallen brown leaves, and small green plants. Two apples are visible: one is whole and greenish-yellow, and the other is partially eaten and yellowed. The text "Emily, year 4 FJS" is overlaid in the upper center.

THIS IS A PHOTO OF APPLES THAT HAVE FALLEN FROM THE TREE IN THE WET AND WINDY AUTUMN WEATHER

- 'Autumn Fire Tree'
- I went for a walk with my sister and my mum, and we saw this tree which almost looks on fire in the Autumn sunlight.

Benji, year 3 FJS

I took this picture in Chepstow, because I thought it was a very impressive tree with the colour changing of the leaves. It made me think of Autumn.
